First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Toyota Recall / Service Campaign

Toyota Motor Sales, USA, Inc. provides CARFAX with recall and service campaign information for vehicles originally marketed or sold in the United States of America, its territories, and Mexico. Only open safety or emissions recalls and service campaigns where the remedy has not been completed, will be listed. While Toyota provides data updates to CARFAX on a regular basis, this report may not include very recent activity. For the most current information on recall and campaign activity for any Toyota vehicle, you must go to <http://toyota.com/recall>.
